

Exciting E-Safety

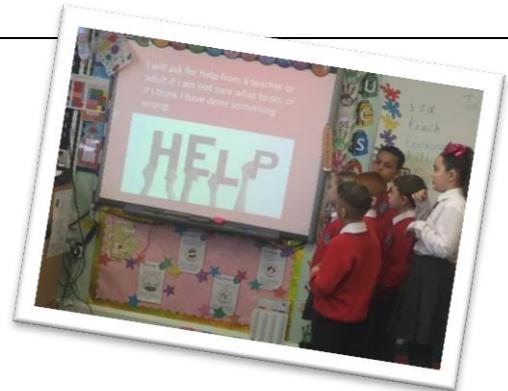

Create, Connect, Share Respect- A better internet starts with you!

On Tuesday, 6th February, Park Hall Academy held their annual ‘Safer internet Day’. A lot of fun was had by all, it was an especially busy day for the Academy’s newly named ‘Pupil Safeguarding Board’ (formerly the Be-safe committee). They had an important job of ensuring that all children were aware of our shared expectations about E-safety and computer use. The team came up with an agreement for all Park Hall computer users to sign and keep in their personalised folders. The children also presented a well thought out PowerPoint & accompanying speech to Foundation Stage, KS1 & KS2 children. Well done.

LET ME TAKE A -SENSIBLE- SELFIE

Children and parents thoroughly enjoyed our photo booth opportunity. Mrs Preston very kindly made each class their own photo booth decorated with emojis. Everyone could have a picture taken with friends or family

BUT they had to make sure that any identifiable items of clothing/ items were removed so that when the picture was uploaded to social media, no one would know which school they attended or where they went to work etc. This is to help the children to be share aware when they are old enough to use social media independently.

TERRIFIC TOM

Our mascot at Park Hall is ‘Terrific Tom’, he reminds us to ‘Tweet others the way that we want to be tweeted’.

We expect that this message is demonstrated by all of our Park Hall family.

LYRICS WITH A MEANING

During weekly assembly time, all children in KS1 & KS2 practised their own song to the sound of 'Can't stop the feeling'.

'Think respectfully when you tweet, tweet, tweet!'

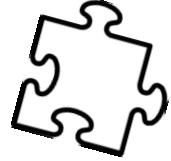

This song was recorded by pupils and staff and is now our very own Park Hall Academy's pop video helping everyone to keep safe on the internet! We had guest appearances from children who were 'experts' in areas of social media rules from across the academy. Even the teachers performed dances!

In the assembly, I learned how to keep safe online- Olivia Y4

I enjoyed playing safely on the iPad and I learned how to be kind online – Maisie Y2

My favourite part of E-safety day was writing my promise and decorating the jigsaw puzzle piece- Bradley Y1

SHARING THE LOVE WITH OUR FAMILIES

On the day, we invited in our family members to share our fun and most importantly the motto of the day with them too! Parents got to hear from our local PCSO, find out ways of keeping us safe online, watch our video and help us to make our own pledges. We are sure that they loved our photo booths too!

All children decorated a jigsaw puzzle to represent how everyone has to work together to create a better, safer internet. On the puzzles there was also space to write a 'promise' of how you will use the internet and our families wrote their own one too. These look beautiful on display in the computer suite!

Thank you to our Pupil Safeguarding Board, not only for producing this wonderful newsletter but also for continually keeping us safe not just online at school, but in all areas of school life!
